85+	26

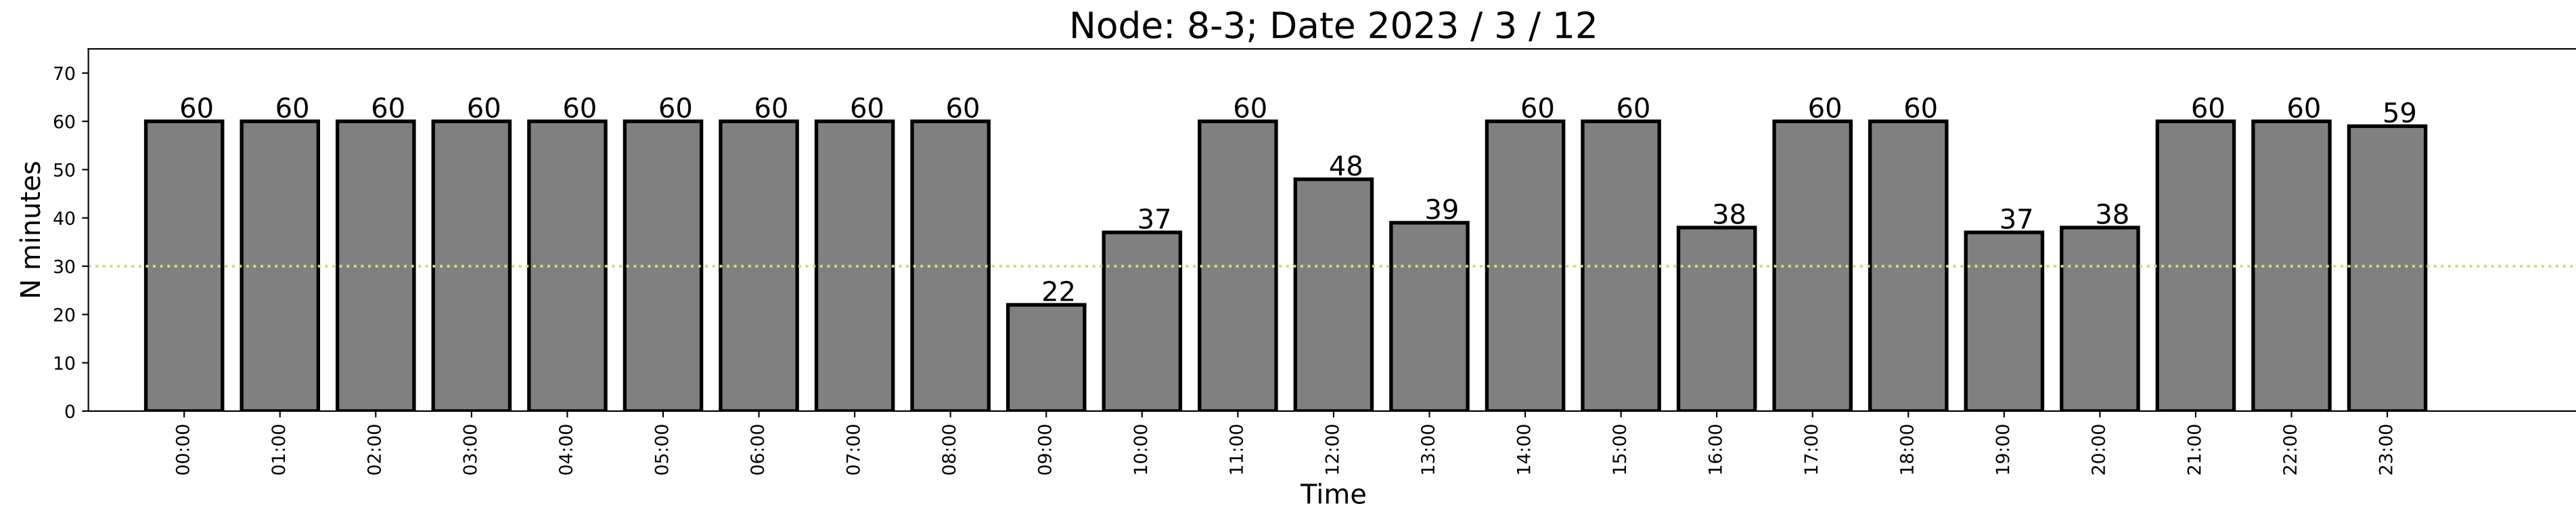

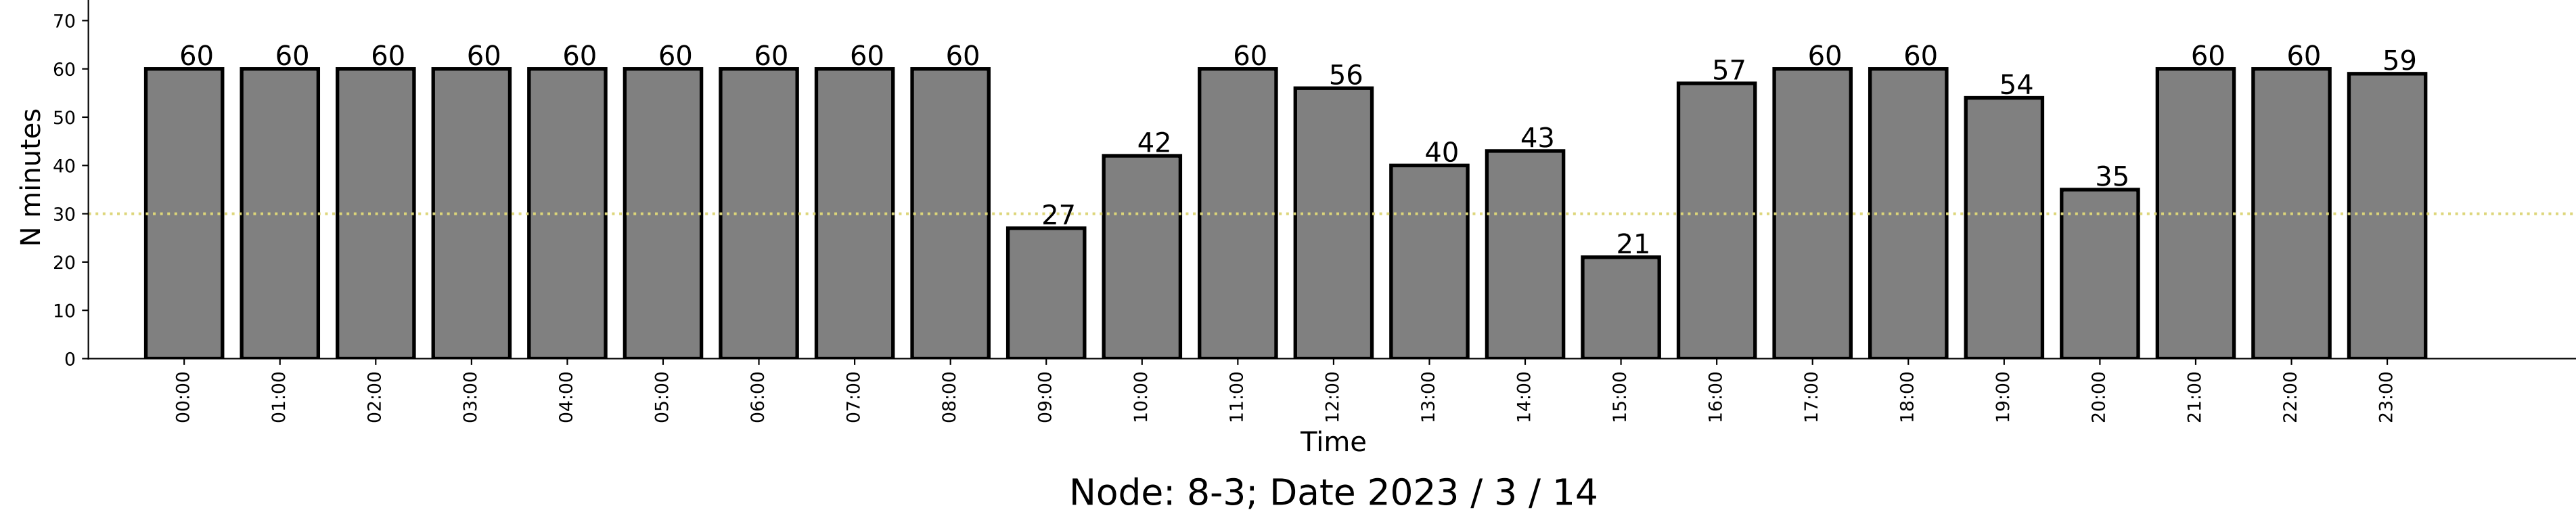

The timeline illustrates the sequence of events in the study. It begins with 'Baseline' at 0:00. This is followed by 'Randomization' at 0:00. The study then branches into two groups: 'Control' and 'Intervention'. The 'Control' group receives 'Control' treatment, while the 'Intervention' group receives 'Intervention' treatment. Both groups are followed up at 'Follow-up' at 4:00. The timeline is marked with time intervals of 1:00, 2:00, 3:00, and 4:00.
